

ITALIANS LOSE HEAVILY ON THE ISONZO FRONT

Austro-German Forces Fast Developing Their Offensive

Berlin War Office Announces Capture of 30,000 Prisoners and 300 Guns—To South the Situation if Italians Admittedly Is Precarious.

Fresh gains of terrain by the British and French forces on the Ypres sector by the French north of the Aisne river and by the combined German and Austro-Hungarian armies in the Austro-Italian theater are recorded in the latest official communication from London, Paris and Berlin.

The new gains of the British and French in Flanders were obtained in another swift and decisive offensive launched in the early hours of the morning over the front between the southern edge of the Houthout wood and the region of Gheluvelt. Bad weather and soggy ground hampered the operations to some extent and all the objectives set out for could not be taken. A majority of them, however, rested in the hands of the allies at the end of the day's fighting and a considerable number of prisoners and guns also were captured.

More than 800 prisoners fell into the hands of Field Marshal Haig's men.

With the important railroad junction of Laon their objective the French troops are continuing their press against the forces of the German crown prince north of the Aisne river. In another attack on the right the village of Filly has been captured, a footing has been gained on the plateau north of Epine de Chevreigny and the enemy has been forced to give ground north of Lachapelle Saint Berthe. These successes while not so great in importance as those of previous days on the center and west flank of the attacking line serve materially to bring the right wing into alignment with the remainder of the front and place the entire line in a better position for another smash toward Laon.

"That the attack may not be necessary, however, is forecasted by the military expert of the Berlin Tageblatt, who, while belittling the chances of the ultimate success of the French operations, asserts that it is not outside the German rules of warfare voluntarily to abandon territory not essential to Germany's great tactical plan, in order that losses may be reduced.

The Austro-German armies on the Isonzo front are fast developing their offensive against General Cadorna's forces. Already the Italians on the northern wing of the twenty-five mile front have been forced to give ground and at several places are back across the Isonzo north and south of Tomlino, where the battle is waging on Italian territory.

To the south the situation of the Italians admittedly is precarious. Even the Italian war office announces that the evacuation of the Bainsizza-Hellengstein plateau is necessary—a retreat which will render null in a great measure the brilliant advance of the Italians in the summer campaign.

The combined German and Austro-Hungarian forces up to the present are declared by the Berlin war office to have captured in excess of 30,000 prisoners and more than 300 guns and it is stated that the figures hourly are being augmented.

The German retreat along the northern Russian front still continues. Russians endeavoring to take up the pursuit have reached the Riga-Orel railway, but have not come within sight of the enemy. On the Estonian coast the Germans again have endeavored to make a landing on the Werder peninsula to reinforce the troops successfully put ashore there last week. The Russians, however, drove them off.

Germany's eighteenth enemy has entered the field against her. The Brazilian congress has passed a resolution declaring that a state of war exists between Germany and Brazil.

SERVICES TO BE HELD IN HONOR OF NAVAL HEROES

Washington, Oct. 26.—Services will be held in every ship, station and yard in memory of the twenty-eight officers and men of the American navy who have lost their lives in the war with Germany next Sunday, the day of prayer set aside by Presidential proclamation. Secretary Daniels today sent broadcast to the service instructions that memorial services in honor of the memory of the 28 officers and men of the navy forces who lost their lives in conflict with the enemy be conducted wherever possible on that date.

WILL BE TRANSFERRED TO WINTER QUARTERS

Washington, Oct. 26.—The war department has worked out the schedule under which regular army regiments, now in the posts to which they were sent for expansion after the declaration of war will be transferred to winter quarters at national army cantonments or national guard camps. The 42nd infantry will be sent from Fort Douglas, Utah, to Camp Dodge, Ia.

BUYS LIBERTY BOND WITH KAISER'S MONEY

PHILADELPHIA, Oct. 26.—The imperial German government is the owner of a liberty bond. A local attorney has been handling funds of German estates in and about Philadelphia, and in settling one account recently, he had a balance of \$69 which belonged to the Imperial German government. Yesterday he applied \$59 of that amount to a liberty bond to help the United States win the war.

Heads International Convention of Christ at Christian Church Convention.

Kansas City, Mo., Oct. 26.—Rev. Edgar DaWitt Jones of Bloomington, Ill., today was elected president of the International Convention of the Disciples of Christ at the annual convention here of Christian Churches. A new constitution was adopted changing the name of the organization from the general convention of disciples of Christ and providing that any member of the church may attend the annual convention without formality of an election. Fort Worth, Texas was chosen as the 1918 meeting place.

HOW THE CHRISTMAS BOXES WILL BE HANDLED

Presents for American Expeditionary Forces in France Must Be Packed According to Regulations.

Washington, Oct. 26.—The war department made public today rules governing the handling by mail and express of Christmas presents for members of the American expeditionary forces in France. A general officer of the army will be stationed at Hoboken, N. J., as forwarding agent and will pass judgment and arrange for the delivery of the packages in co-operation with the postmaster and express company officials in New York City.

The rules provide that all parcel post packages must be under seven pounds and be enclosed in wooden boxes; that express packages, also boxed shall not exceed 20 pounds and that the covering of such boxes be fitted to facilitate inspection. Food products must be in cans or glass jars. Mail and express packages should be addressed as now prescribed by postal regulations and plainly marked "Christmas Box."

They should be sent to Pier One, Hoboken, N. J. The order provides that shipment of Christmas boxes may begin at once but that none will be forwarded which reach Hoboken after midnight December 4th. The name and address of the sender must be stated on the outside of each box.

CALLS MEETING OF SHIP BUILDERS

WASHINGTON, Oct. 26.—With a view to speeding the government's great steel shipbuilding program, now about twenty ships behind schedule, Rear Admiral Capps, general manager of the emergency fleet corporation tonight called on every steel shipbuilder on the Atlantic coast to meet in Washington Monday with representatives of the fleet corporation, the department of labor, the American Federation of Labor and the navy department.

The principal question to be discussed is some plan to attract men to the shipyards, which need about 300,000 more workmen to carry thru the work projected.

Chairman Hurley said every angle of the trade would be discussed and the conference would have a very important bearing on the progress of the work to be done for the government. While the building program now is about twenty ships behind schedule Mr. Hurley said he was not discouraged.

PRESIDENT THANKS STATE FUEL ADMINISTRATORS

WASHINGTON, Oct. 26.—President Wilson in a letter to Fuel Administrator Garfield today thanked state fuel administrators for their unselfish devotion to the national cause. The letter was read at a meeting.

"It constitutes another instance," said the president, "of unselfish devotion by some of the country's ablest men of their time and thought to the solution of the difficult problems brought on by the war in which our full force as a nation is now engaged."

RESIGNATION WILL NOT AFFECT BOARD'S POLICY

WASHINGTON, Oct. 26.—Frank A. Scott's resignation as chairman of the war industries board announced today, will not affect the board's policies on price fixing, quantity purchasing, priority supervision or other functions. This was made known today after Robert S. Lovett, priority director for the board, assumed the chairmanship temporarily. In accepting the resignation Secretary Baker expressed great regret at the government's loss and warmly praised Mr. Scott for his efficient service, which has been voluntary and without pay.

SOLDIERS' WIVES CABARET PATRONS

CHICAGO, Oct. 26.—The problem of protecting the wives of men in the military service of the United States from the influence of the cabarets confronts federal authorities today. Seventy per cent of the women arrested in raids, according to Judge Uhler of the morals court are married and many of them are wives of soldiers.

GETS PENITENTIARY SENTENCE

Bellevue, Ill., Oct. 26.—Charles Calvin Beener, a negro, was convicted in the circuit court here today of burning his own home during the riots in East St. Louis in order to collect insurance. He was given an indeterminate penitentiary sentence.

CORONER TESTIFIES AT RACE RIOT HEARING

Conducted 5 Post Mortem Examinations in Negroes' Deaths

East St. Louis Official Admits This Was Rather Extraordinary Proceedings—Asserts He Was Told Policemen Ordered Soldiers to Fire on Blacks.

East St. Louis, Ill., Oct. 26.—The story of the firing by policemen and soldiers into a crowd of negroes here on July 3 was given today by Coroner Renner of St. Clair county, Illinois, to the congressional committee inquiring into the race riots. The police and soldiers were under command of Police Sergeant Meehan, now under indictment. Coroner Renner said that at the inquest, the soldiers testified Sergeant Meehan ordered them to fire. A policeman testified at the inquest, said the Coroner, that a negro fired first but soldiers denied this. The coroner said he caused the arrest of the policemen, but did not cause the arrest of the soldiers because Colonel Clayton of the Illinois National Guard and the state's attorney told him the soldiers were not liable to prosecution if the police sergeant ordered them to fire.

Coroner Renner testified that he conducted only five post mortem examinations in the death of 29 negroes. When the coroner said a public inquest was held over the death of Police Detective Coppedge who was killed by the negroes, Congressman Raker commented:

"You held an inquest over Coppedge. Everyone knew how he was killed; and when the white police became inflamed and killed the negroes you held a secret inquest and did not let it become known how the whites had shot, beaten and burned the negroes to death. You held post mortems on only five out of twenty nine negroes. Is not that a most extraordinary proceeding?"

Coroner Renner replied in the affirmative.

"Yes, it is most astounding," remarked Congressman Cooper. Duffy Green, a negro detective, today told of Mayor Bollman's presence at a negro banquet held in celebration of the mayor's re-election last April. Green said he had been charged with seeing that negroes got to the banquet. Detective Green and Detective Duffy testified that they and other negro detectives to keep off the street when the rioting became violent.

Detective Eubanks said skilled negro workmen were prevented from joining labor unions, and as a result were forced to work as common laborers.

Frank E. Nulson, of St. Louis, Mo., president of the Missouri Malleable Iron company, testified that it was notorious that the police department of East St. Louis, prior to the race riots, exploited criminals of both races. He said it was common knowledge that any sort of resort or gambling house could operate if it paid a certain sum.

AMERICAN HELD FOR RANSOM BY MEXICANS

JUAREZ, Mex., Oct. 26.—An American named Carlin, son of Patrick Carlin, lessee of LaPatria mine, 90 miles south of the border, is being held for ransom by Epifanio Holguen and his bandits. Americans arriving here tonight from Villa Ahumada reported.

According to these Americans Carlin was out duck hunting Tuesday near his father's mine when the bandits seized him. The Holguen bandits also raided the Erupcion mines owned by Americans, 50 miles from Villa Ahumada carrying off everything portable and demanding clothing, shoes and hats for the entire band.

Forty federal soldiers were ordered from Villa Ahumada to pursue the bandits.

CANADIAN MUNITIONS PLANT EXPLODES

Montreal, Oct. 26.—Tremendous explosions destroyed part of the plant of the Canada Explosives Company at Vaudreuil this morning. A special train carrying fire fighting apparatus has been sent from Montreal. Early reports indicated that there had been no loss of life.

The detonations continued for an hour. The sky was lit up as tho by rainbows with the multi-colored flames of burning acids. The explosions are believed to have started from fire discovered in a shell factory. A heavy wind blew the flames straight across the plant.

The company employs about 1,500 men.

RE-ESTABLISH SYSTEM OF EXPORT GRAIN BUYING

New York, Oct. 26.—Desirous of "maintaining every facility of the American grain business" the federal food administration has arranged with the entente allied powers for discontinuance of grain buying by the wheat export company and resumption of buying thru the established American export house. It was announced by the milling division of the food administration here today.

The arrangement, which is declared to have the cordial co-operation of "both sides", re-establishes the system of export grain buying in use prior to the organization of the wheat export company, the agency which has been making all North American wheat purchases for the allies.

THOMAS J. BRONSON DIES AT EARLY HOUR

Well Known Citizen Answers Final Summons Following Brief Illness

Thomas J. Bronson, a prominent citizen of the city died at his home, 231 Webster avenue at 2:50 o'clock this (Saturday) morning. Mr. Bronson suffered a stroke of apoplexy at 9 o'clock Friday morning while in front of the residence of Ensley Moore. He was removed to his home and given attention by Dr. T. O. Hardesty, but little hope was held out for recovery.

Mr. Bronson was one of the oldest residents of the city. For many years he was engaged in the leather and harness business, being located in what is known as the marble block on the south side of the square. He later removed to the east side of the square to the room now occupied by Lee P. Allcott. In recent years he has been engaged in the insurance business.

Mr. Bronson always took an active interest in municipal affairs and was for a number of years superintendent of the city water department. He was well known in Masonic circles, being a member of Hospitaller Commandery No. 31, Knights Templar. A more extended obituary will be given later.

BRAZIL DECLARES WAR ON GERMANY

House Passes Proclamation By Virtually Unanimous Vote

President Sanctions Move and Senate Also Approves—Will Take Possession of German Gunboat.

Rio Janeiro, Oct. 26.—The chamber of deputies today by an almost unanimous vote declared that a state of war existed between Germany and Brazil. The vote was 149 to 1.

The tribunes of the chamber were filled to capacity. After a debate on the opportuneness of proclaiming martial law, the virtually unanimous vote of the deputies was received with general acclamation.

President Baz has sanctioned the proclamation of a state of war with Germany.

The senate unanimously approved the proclamation of a state of war with Germany.

According to the newspapers torpedo boat destroyers have received orders to proceed to Bahia and take possession of the German gunboat Eber, which has been lying there for some time.

The Eber is a vessel of 984 tons. She is 203 feet long and has a draught of 9 feet 8 inches. She has a complement of 125 men.

AMERICAN IRON & STEEL INSTITUTE IN SESSION

CINCINNATI, O., Oct. 26.—Patriotism was emphatic at the opening session of the convention of the American Iron and Steel Institute here today. Following the lead of the president of the institute, Elbert H. Gary, in pledging himself to do his utmost in the service of his country the 500 delegates attending the convention also went on record to do their utmost. Robert Hobson, a leader in the steel industry of Canada said:

"We used to call the Americans our cousins, but now they are our brothers—our brothers in arms. We admire the splendid energy in which the United States has been preparing for the war and we are truly grateful for the assistance of the United States to the Allies."

James A. Farrell, president of the United States Steel corporation made the declaration that the United States shipbuilding commission should build 6,000,000 tonnage instead of 3,000,000 in the next 18 months.

WILL PROBE OPERATION OF ELGIN BOARD OF TRADE

Pres. of Board Among Those Subpoenaed As Witnesses

Federal Grand Jury Will Question Officers of Organization in Attempt to Ascertain Why Butter Board Meets Weekly.

Chicago, Oct. 26.—Another investigation by a federal grand jury into the operation of the Elgin Board of Trade, which also is known as the Elgin Butter Board, is planned by Robert W. Childs, special assistant attorney general of the United States.

Among those reported to have been subpoenaed as witnesses in the new inquiry is Charles H. Potter, president of the board.

The board was under investigation by a federal grand jury last August but no action was taken. According to information received by Mr. Childs and special agents of the bureau of investigation of the federal department of justice, the board has continued to hold its weekly meetings since then despite the fact that but one actual sale of butter has taken place in several months.

Federal officials it is said will question the officers and members of the organization in an effort to learn why the board meets weekly when so few actual sales are made if it does not fix prices in violation of the Sherman anti-trust law.

According to information said to have been referred to special agents of the government for investigation the prices fixed by the Elgin Board of Trade are used as a basis for butter prices thruout the eastern and southern sections of the United States.

Between Jan. 1 and July 1, 1917, the period covered in the last investigation of the board only fifty tubs of butter were sold on the Elgin board while during the same period 57,000 tubs were sold in Chicago at prices based on the Elgin board of trade quotations.

REFINERIES WILL SOON RESUME BUSINESS

Sugar Plants Open up on Reduced Scale by Terms of Agreement.

New York, Oct. 26.—Sugar refineries in the United States which were forced to shutdown because of a shortage of raw materials, will be enabled to resume business on a reduced basis by the terms of an agreement reached at a conference of the American Refiners' committee here today.

This will be possible, it was announced by an equitable apportionment among the refineries of the country of all raw sugar in stock or offered on the market. The agreement involves 109,000 tons brought from the Louisiana planters last Wednesday, half of which will be distributed at North Atlantic ports. The agreement of the refiners, it was announced today needs only the approval of the international committee, headed by George M. Rolph, chief of the sugar division of the federal food administration. That the plan will be approved is not doubted, it was said.

APPROVE CABLE SYSTEM OF TRANSPORTATION

Washington, Oct. 26.—Development of the Tellerage, or wire cable system of transportation of heavy weights over otherwise impassable mountains has been carried to an amazing degree of perfection by the Italian engineers under the pressure of the war and the demands of the army for quick transportation of munitions, supplies and even large pieces of artillery as an incident to the campaign.

Reports from the battlefield received here today describe one such system spanning a valley two thirds of a mile deep, the cable swinging in one stretch from peak to peak, a length of four kilometers or considerably over two miles and capable of carrying twelve ton loads.

DOES NOT APPROVE OF EMPLOYING PRISONERS

SALT LAKE CITY, Oct. 26.—The fuel and food administrator for the state of Utah received a telegram from Adjutant-General McCain at Washington yesterday advising him that the secretary of war did not approve of the plan of permitting the employment of prisoners of war by private individuals or corporations.

The food and fuel administrator a few days ago asked if the war department would approve of the employment of the German prisoners now interned at Fort Douglas, in the best fields of the state.

The matter also has been taken up with the government by United States Senator William H. King.

RAID BROKERS' OFFICES

New York, Oct. 26.—The offices of Warren C. Daniel, promotion brokers, were raided by the post-office inspectors here today. Warren C. Daniel, head of the concern, Raymond C. Bend and H. P. Dowst, stock salesmen were arrested on the charge of using the mails to defraud investors in the stock of the Alliance Tire & Rubber company. The alleged frauds are said to aggregate \$160,000,000.

THEOLOGICAL STUDENT ACCUSED OF SWINDLING

G. E. Newton is Charged With Using Mails to Defraud.

New York, Oct. 26.—George Edward Newton who it is said is a scholarship student at the Episcopal General Theological Seminary here and a Sunday School superintendent was arrested today charged with using the mails to defraud by collecting charitable funds from Harvard alumni for an alleged mythical "Harvard X Club."

He is also accused of conducting a swindling scheme in which, as head of the "George Curson Newton Advertising Agency", it is charged he mailed letters to the Y. M. C. A. secretaries in Ohio offering to get good positions for young men. Collecting from them without rendering any service.

REALIZING BENEFITS OF GOVERNMENT COMMITTEE

Chicago Public Appears to be Reaping Benefit in Price Cutting of Staples.

Chicago, Oct. 26.—The consumer began to realize the benefits of government supervision of food sales today when butter prices were slashed from 3 to 5 cents by the local food price committee. This was done in the face of predictions of retail grocers that best grades of butter would be selling at 55 and 58 cents next week.

The food committee after a conference with a committee from the Chicago Butter & Egg Board, decided that from 44 to 49 1-2 cents a pound is a fair price for creamery extras in bulk and that 45 to 50 1-2 cents was the right figure when the butter comes in cartons. Retailers have been asking from 50 to 55 cents a pound.

The committee from the butter and egg board agreed that a fair profit for the grocer would be two cents a pound over the jobbers' price on bulk (50) butter and 3 1-2 cents for cartons. The food price committee however, was able to do a little better by the grocer and still cut the price appreciably.

The price was fixed only for the best grades. Prices for poorer grades will be set tomorrow as will egg prices.

On egg costs the board's committee, composed of dealers, agreed that six cents a dozen on loose eggs and 7 1-2 cents on eggs in cartons would be a fair profit to the retailer. The price committee also cut the corn meal price from 1-4 to 1-2 cent a pound. A further cut was promised, a more liberal use of the commodity was urged in order to conserve white flour.

STARTS TO AVENGE RELATIVE'S DEATH

CHICAGO, Oct. 26.—Lawrence Theodore Roosevelt Cavell, a second cousin of Edith Cavell, the Red Cross nurse who was executed as a spy by the Germans in Belgium, is now on his way to avenge the death of his relative. He has been made a member of a signal battalion station at Macon, Ga. Cavell, a year ago while in high school at Gary, Ind., tried to join the army but was rejected on account of his youth and weight. Time fixed the age and a stay in the country gave him added pounds. He is an expert telegrapher, a graduate of the Chicago Board of Trade Signal School.

"M'ADOO DAY" AT WASHINGTON TODAY

WASHINGTON, Oct. 26.—A big patriotic rally will be held here tomorrow to be known officially as McAdoo Day when all Washington will gather on the White House lawn to welcome the secretary of the treasury back from his record breaking trip in the interest of the second liberty loan. The celebration is planned as a fitting climax to the liberty loan campaign.

Secretary McAdoo will be the chief speaker.

CROWDER PRESENTS NEW DRAFT RULES TO WILSON

WASHINGTON, Oct. 26.—Provost Marshal General Crowder was expected to present to President Wilson for approval, possibly today a tentative outline of the arrangement to be used in dividing the nation's drafted men into five groups for liability for military service.

The provost marshal said that the serial number allotted to each registrant will be used in determining the order in which the men will come first division will be exhausted before any one is summoned from succeeding groups. This process will be followed thruout.

ESCAPED GERMAN PRISONERS RECAPTURED

ATLANTA, Ga., Oct. 26.—Six of the ten German prisoners who escaped from the alien enemy detention camp at Fort McPherson Tuesday night were captured today by agents of the department of justice. Five of them were taken to Surrency, Ga., and the sixth, Johann Adlhardt, a non-commissioned officer, was arrested here.

TELLS OF GERMAN PROPAGANDISTS PLANS

Chicago, Oct. 26.—John Barrett, director general of the American Union said today that German propagandists already have arranged to spend \$1,000,000 for newspaper publicity in the eight neutral countries of Latin-America on October 28 in event that the second liberty loan fails.

MAY INVESTIGATE PRICES OF COAL

General Probe Into Retail and Wholesale Prices in Prospect

U. S. Attorneys Instructed to Summon Witnesses, Determine Truth of Extortionate Charges, and Where Justified Bring Proceedings—Many Complaints Made.

Washington, Oct. 26.—General investigation into retail and wholesale prices of coal appears in prospect. Investigation of prices already has been started by the department of justice in east and middle west sections.

Instructions have been sent to United States attorneys to summon witnesses, determine the truth of the charges of extortionate prices, and, where justified to bring proceedings under the criminal law against those believed to be guilty.

Complaints received by the department of justice are that the margin of profit allowed dealers by the government had been exceeded. Hundreds of letters and telegrams from every section of the country, it is said, have been sent to the fuel administration.

Disposition of these complaints is one of the subjects which is now pressing the fuel administration it is understood and action concerning them probably will be taken within a few days. Indications are that the bulk of the complaints, upon which criminal proceedings might be brought—if the truth of the charges can be established—will be turned over to the department of justice, as the prosecuting arm of the government with the suggestion that violators of the law be punished promptly.

Heavy penalties are provided for violation of the law under which the president fixed the price to be charged for coal and the margin allowed jobbers and dealers.

Coupled with the complaints charging that higher prices than those authorized have been demanded and obtained, are numerous protests from persons and firms alleging that they have been unable to buy coal at any price. With these, it is thought, the government has little power to deal, except in cases where the coal operators themselves refused to sell coal which had not been contracted for previously.

Submitted to President. Recommendations as to a revision of coal prices at the mines to be authorized as a result of increased operating expenses under the recent wage agreements between owners and striking miners were submitted to President Wilson today by Fuel Administrator Garfield. The recommendations were not made public pending the president's consideration.

The fuel administrator has made a careful survey of conditions at the mines of the country, but what increased prices, if any, have been recommended is not known. Wages paid miners in other fields are based on those given in the central field of Ohio, Illinois, Indiana and Pennsylvania and it has been assumed if increases are made in that field so as to absorb wage raises, prices in other fields would be similarly changed.

After the wage increases for the central field had been agreed on miners in many parts of that field struck in an effort, it was charged, to force an immediate revision of coal prices. Dr. Garfield warned them that revision of prices required careful study and that the fuel administration would not be hurried by strikes. The strikers later returned to work after negotiations

SELECTING BOOKS
FOR TEACHERS.

County school superintendents
have been in session with state di-
rectors to select teachers' books for
the ensuing year. Within the next few
months the directors are to select
one book on principles of teaching,
and another on the history of the
state of Illinois. The books named
from which the selections are to be
made are as follows: Teaching—Its
Aims and Methods (Seeley); School
Efficiency (Bennett); Methods of
Teaching (Charters); The Story of
Illinois (Humphrey); Class Room
Method and Management (Bettis);
The teacher and the School (Col-

(Smith); McMurray's Conflicting
Principles of Teaching: How to
Teach (Strayer and Norworthy);
Principles of Elementary Education
(D. C. Hatch & Co.).

DEATH OF A NOBLE WOMAN.

Mrs. Marks Nathan, who helped
her husband, the late Marks Nathan,
plan and found homes for orphans
and the aged in Chicago, hospitals in
New York and tenements for the
poor in Jerusalem, died penniless in
the Old People's Home, in Chicago,
that was founded by her husband.
Mrs. Nathan, herself, had given away

Many Jewish friends had proffered
her asylum in their homes, but she
preferred to live and die, in the
home founded by her husband.

GERMAN NAMES
OF GALLANT MEN.

tention to names of enlisted men cit-
ed for gallantry aboard the United

E. F. Leonhardt. Among the sol-
diers drowned when a German U-
boat sank the United States trans-
port Antilles were: Anton Ehrhardt,
E. L. Echel, Ernest Egert, Otto
Kleber, William Faust, Otto Miller.

THE POOR IN PALESTINE.

Sufferings of the poor in Pale-
stine, particularly in Jerusalem, is
said to be very great. Hunger and
the extortionate prices charged for
food are the chief causes of distress.
The price of bread has advanced
eleven-fold since the beginning of
the war. Petroleum costs thirty
times as much as in 1914 and milk
five times the ante-war price. Paper
money, the teachers assert, has de-
clined in Palestine to one-fourth its
nominal gold value but the price of
food and fuel has arisen out of all
proportion to even the depreciation
of currency. Concerning the situa-
tion in Jerusalem, one teacher wrote:
"There is much sickness, owing
chiefly to underfeeding and bad san-
itation; 30 percent of the young
girls, for instance, in Upper Galilee,
are down with fever. The number
of fugitives in receipt of assistance
is 5,058, of whom 2,200 are down
in Judea, in lower Galilee, 1,924, and

MANY NEED PERMITS.

War-time restrictions, forbidding
those not directly engaged in nation-
al or state defense to drill or wear
soldiers' uniforms without permis-
sion in the state have been an-
nounced by the military committee
of the state council of defense.

Public attention was called to the
fact that no person can solicit funds
for war purposes in the state without
permission from the state council of
defense and only in the territory de-
signed in such permits.

The prohibition governs all not in
the following four classes:
Men in the service of the United
States government.

Members of the regular Illinois
state militia (Ninth, Tenth and
Eleventh regiments).

Members of the state reserve mil-
itia.

Those in the Illinois volunteer
training corps.
"Any men in Cook County not in-
cluded in the above list can only ob-
tain permission to drill by applying
to the Cook County military subcom-
mittee of the state council of defense
at the office of the council, 120 West
Adams street," General Young de-
clared today.

"Those now drilling without such
permission must make application
immediately."

THE WORLD AT WAR.

Even the Siamese government has
called for volunteers to be sent
against the Germans in France. More
than three fourths of the world's
population lives in the eighteen
countries at war with Germany or
her allies, according to compilations
from government sources. The per-
sons living within the central coun-
tries are outnumbered more than
seven times by anti-Germanic popu-
lations, and the proportion is swelled

even higher if consideration is taken
of the populations of the ten
countries which have broken rela-
tions with the Central Powers. Ger-
many's enemies now include nearly
all the white and yellow races, and
the physical resources of about half
the world's area are mobilized
against the forces of Germany, Aus-
tria-Hungary, Bulgaria and Turkey.
Of the world's total population of
1,691,000,000, about 1,342,000,000
live under flags of the Central Pow-
ers' open enemies in the war. About
40,000,000 inhabit the countries
which have broken relations, and
132,000,000 are neutral, while the
population of Germany and her al-
lies are about 177,000,000. Of the
world's total area of 57,000,000
square miles, 27,000,000 are under
anti-Germanic domination, while the
Germanic allies control only 5,000,-
000. State Department records show
the following nations at war with
Germany or her allies: United States,
Great Britain, France, Russia, Ser-
bia, Japan, Belgium, Italy, Portugal,
Rumania, Greece, Montenegro, San
Marino, China, Cuba, Panama, Siam
and Liberia.

COUNTING THE
VOTES OF SOLDIERS.

The voting preferences of nearly
one-tenth of the electorate of New
York State, as expressed at the polls
on November 6, next, will not be
known until nearly eight weeks lat-
er. This unique condition arises
from the fact that approximately
125,000 of the 1,700,000 voters are
now enrolled in the military and
naval forces of the United States,
and consequently, will be obliged to
record their political choice under
the soldier vote provisions of the
election law. The voters in federal
service will cast their ballots where-
ever they are stationed, whether in
France, Hawaii, Panama, along the
Mexican border, in camps and con-
timents of the National Guard and
the navy. In the event of close con-
tests, either on the woman suffrage
referendum, the race for the attor-
ney generalship, or in some local or
municipal campaign, the ultimate
result possibly may not be known
until the soldier vote is canvassed,
not later than December 29. The
election law provides that the bal-
lots of the soldiers and sailors shall
be counted by the election boards in
the districts where the men have
their legal residences. After each
soldier or sailor marks his ballot, he
seals it in an envelope bearing his
name, his home address, and the
military or naval unit to which he is
attached. The envelope is then de-
posited in the ballot box in the field
or on shipboard. After the polls are
closed, the ballots will be sent to the
Secretary's office, where they will
be assorted and sent to the election
boards in the respective home dis-
tricts of the voters. On a designat-
ed day the vote will be counted by
the local boards. The results are to
be reported to the Secretary of State
by December 29. No result received
after that date will be considered,
as the final outcome of the voting
must be determined definitely before
January 1, when virtually all of the
successful candidates assume office.

Rippling Rhymes

PIKERS.

Beeswax & Blinken make good
soup, which soup they largely ad-
vertise; and when I find my spirits
droop, I buy a can, and feel them
rise. Beeswax & Blinken spend good
yen to introduce their helpful broth,
and so, wherever there are men,
their product cuts a good wide
swath. I buy it by the dozen cans,
consume it morning, noon and night;
I eat it out of bowls and pans, and
always find it strictly right. Some-
times when I am needing soup, by
Beeswax and his partner canned, I
toddle to the grocer's coop, and ask
him for this famous brand. Some-
times the grocer says, "Odstfish! I
do n't keep the Beeswax line; I
know it is a famous dish—but here
is something just as fine." Oh,
then I pull the grocer's nose, and
deftly stand him on his head; such
piffle, as you may suppose, will al-
ways start me seeing red. The ad-
vertiser strives to make his product's
merit understood; then comes the
imitator's fake which he pronounces
"just as good." The thing they
wisely advertise is still the safest
thing to get; the men who make it
are too wise to fool their customers,
you bet.

LADIES' AID HOLDS
ANNUAL INDOOR PICNIC

Ladies of the M. E. Church Society
of Murrayville Have Profitable
and Enjoyable Evening.

The members of the Ladies' Aid
society of the M. E. church of Mur-
rayville held their annual indoor
picnic at the church Friday evening.
Delicious burgoos, ice cream, sweet
cider and pie, were listed among the
good things to eat on sale. The
large crowd present did ample jus-
tice to the burgoos and other edibles
and the society affair was a decided
financial success. During the even-
ing a very pleasing program was
carried out. This opened with the
singing of "America." Invocation
by Rev. McGhee. H. J. Rodgers and
J. S. Findley of Jacksonville deliv-
ered addresses in behalf of the army
Y. M. C. A. project, campaign for
which will be started in the near
future. John Edward Wright also
spoke. A reading was given by
Clarence Spencer. Song by Mrs.
Maude Rimbey. A play was given
by the society, the members of the
organization filling the cast of char-
acters very acceptably.

The following are the officers of
the society:

President—Mrs. Sarah Wade.
Secretary—Mrs. Lora Angelo.
Treasurer—Mrs. A. H. Kennedy.

OBITUARY.

The home of David Tuke was fill-
ed with friends, at 2 o'clock Thurs-
day afternoon, Oct. 25, 1917, as
Bertha Fay Duckwall, their second
grandchild to die in the last month
lay a corpse.

The child was laid in the south-
east room of the house in a beau-
tiful casket surrounded by a mass of
flowers, tendered by the many
friends.

Rev. Ray L. Ragan officiated and
beautiful and appropriate music was
rendered by the quartet. Mr. and
Mrs. E. R. Carter, Miss Ethel Thom-
ason and Mr. Wolf, also by Mrs.
Cronkhite. Rev. L. R. Cronkhite of
Lynnville offered a beautiful prayer,
voicing the sentiment that altho we
would miss the little footsteps, we
know she is safe in the arms of
Jesus. Rev. Ragan took his text
from the 49th chapter of Isaiah and
the 21st verse, "I have lost my chil-
dren and am desolate," laying stress
upon the fact that altho the babe
has gone she is not lost, only await-
ing us, with outstretched arms,
across the shore. "We can't bring
her back, let us prepare to go to
her."

Little Bertha Fay was laid to rest
in the Ebenezer cemetery in a grave
lined in white and dotted with pan-
sies. The top was covered with a
mass of flowers, the tokens of sym-
pathy and love of friends.

A Friend.
Bertha Fay Duckwall was born
Jan. 13, 1914 at Lynnville and passed
away Oct. 23, 1917, at the age
of three years, nine months and ten
days.

She is survived by her parents,
one sister having preceded her in
death, her grandparents, Mr. and
Mrs. Tuke and Mrs. Mary Duckwall,
her great grandmother Acom, her
great grandfather Tuke and her
aunt and uncle, Walter and Zella
Duckwall.

CLOSING OUT SALE

OF HIGH PRODUCING HOLSTEIN COWS
Owing to the fact that R. W. Haynes, Jr., has joined his regiment at Camp
Logan, and can no longer give his attention to the farm, the undersigned will
sell at the Haynes farm located on the McKinley Traction line, 2 1/2 miles east of
Springfield and 30 miles west of Decatur, on

WEDNESDAY, OCT. 31, 1917

A SPLENDID MILKING HERD OF TWENTY COWS
Several of the cows are just fresh and the others are bred to become fresh
this coming winter to King Pamela Quality, a son of the great King Quality.
One of the best young sires in the country. The dam of King Pamela Quality
has a semi-official record as a 3-year-old of 790 lbs. of butter and 17.16 of milk
in 365 days.
These cows are now right in their prime and on tests made, members of the
herd show a production of milk close to 23.00 lbs. for the year. Individual daily
milk production has been as high as 33 lbs. and their superior quality is further
apparent from the fact that one of the cows now offered was the leading cow of
the McLean County Testing Association, Miss Annie, one of the cows to be sold
has a seven days butter record of 34.54 lbs., the milk amounting to 561.9 lbs.,
with an average test for butter fat of 5.13 per cent. The total milk production
of the herd has averaged over 4 per cent.

All local Traction cars stop at Haynes Station. Sale will be under a tent if
weather is bad.

This is a splendid chance to get a good milk cow for family use, and any of
them would give value to any dairyman's herd. A lot of 5 and 10-gallon milk
cans will also be sold.

TERMS OF SALE, CASH, but a credit of six months will be given purchas-
ers, with 6 per cent interest, when banks are not in session. Purchasers un-
known to us asking credit will please bring bank reference.

Dinner will be served by the ladies of the Christian church of Macpols. All
interested are invited to come and look the herd over before the sale.

SECOND LIBERTY LOAN GATHERING MOMENTUM

Total Subscriptions Now Near Four Billion Mark—Every Available Dollar Still Needed.

Washington, Oct. 26.—The liberty loan was gathering momentum tonight. Four hundred and thirty five millions dollars measured the day's advance and with the total nearing \$4,000,000,000 it looked as if the tremendous driving power of 2,000,000 field workers might carry it across the \$5,000,000,000, but every available dollar is needed, officials asserted to bring the total up to that sum.

Reports from every section are rolling up tremendous totals. At nine o'clock tonight estimated subscriptions of the nation stood at \$3,635,000,000, admittedly a conservative figure, with indications that the \$4,000,000,000 mark might be recorded by tomorrow morning's totals.

Except for Dallas and San Francisco, all districts had passed their minimum allotments and it seemed certain the treasury department announced that several districts would go well beyond their maximum.

"New York is almost certain to do so," the announcement said. "Boston, Cleveland and Philadelphia probably will and there is hope for several others. Some of them must, if the \$5,000,000,000 mark is to be attained for a few districts including Dallas, Atlanta and Kansas City probably cannot reach their high quotas, tho they are working relentlessly."

New York, Philadelphia, Boston and Cleveland districts by touching their maximum quotas would add \$15,000,000 to the total as it stands tonight, bringing the grand total up to \$4,250,000,000.

WAR DEPARTMENT APPROVES

Washington, Oct. 26.—Approval has been given by the war department to Ignace Padewski's project of raising a Polish legion in this country for service in Europe. In announcing this today Secretary Baker explained that the force will "not be mobilized directly with the American army," but refused to give any further information saying the plan was wholly that of its originators.

AUSTRIAN SOCIALISTS IN SESSION

Copenhagen, Oct. 26.—The convention of Austrian Socialists now in session had adopted a resolution providing that under no circumstances shall members of the party enter the government, according to Vienna advices.

Another resolution demands that Austria be converted into a federated state of independent nationalists, agreements on matters of common interests to be reached thru a federal council.

OFFICIAL STATEMENT OF GERMAN WAR OFFICE

BERLIN, Oct. 26, via London.—The official communication issued by the German war office this evening says the attack of the Teutonic allies on the Italian front, is progressing and that the large number of prisoners captured is being added to hourly. The communication asserts that strong French and British attacks in the Ypres region were repulsed with sanguinary losses.

TO REFUSE NEW TRIAL

Chicago, Oct. 26.—Judge Landis sitting in the case of Gustav H. Backache of Women

How this Woman Suffered and Was Relieved.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine.

KERNELS CULLED FROM HANLEY'S DAY TALKS

Gives Thoughts Business Men to Ponder—Urges Sunday Observance.

In the meetings which Dr. Hanley has been having at different places of business in the city the practical side of religion has been well set forth, and they may be summed up as an appeal to the sober sense of the business man. The common question of the present day when any matter is presented is, "What is there in it?" We are more or less sordid and eager after gain, and while as a matter of course the soul is the greatest treasure to conserve, still there is the other side to religion which is worth considering. In the first place, think what this country owes to religion. Were there no churches in the country the land would be simply chaos. As a merchant once remarked, he supported churches if for nothing else, as a police protection to his property.

Visit any land where there are no churches and what do we find? Merely ignorance, filth, degradation of the very worst sort, sadness and sorrow. Go where the church has the greatest influence and there we find good cheer, prosperity and the comforts of life. And so it may truly be said that the man who does not help support some church with his means and his presence as far as he is able, is simply one who is living and benefiting at the expense of others, and of such a man we think but little. The young men beginning in life, if they would attain the greatest possible gain, the best success and the most happiness in life, will do well to ally themselves with the children of God. It is heartrending to see young people of the present day so absorbed in the pleasures and frivolities of the times and forgetful of the higher interests of life.

From a physical point of view, take the young men who frequent the pool rooms and parade with their cigars, cigarettes and pipes in the faces of so many people. They feel that they are smart and having a good time and that they are more progressive than their parents, and yet the records of Annapolis show that a large per cent of the young men who have applied there for admission to the navy have been rejected on account of tobacco heart. Young man, it does not pay. There is nothing in it.

Then take society and what is there offered by the church? Those who have the best of life and those who enjoy themselves the most are those who follow the teachings of the Bible. The dance hall, the card party and all these other things are but for a moment but the end thereof is not so pleasant.

Then comes in the ever present Sunday question and we see persons careless, indifferent or in a self-satisfied manner say it is their day of rest and they do not propose to be bound down and neglect their own pleasure and good time. But what are the facts? Without a day of rest in seven we should soon deteriorate most wretchedly and without a respect for the higher power, without authority from above, without a command from a superior being, Sunday would not be at all uniformly observed. It is all very well to say that we are so busy during the week that we need the day for recreation, but banish the churches from our land and what would be the result? Hence those who fail to go to church are simply leaving others to keep up that which is the very life blood of the community. The country is progressing. The old Puritanical ideas of Sunday observance of a hundred years ago are not the ideas of the present day. But what are the facts? Take the Pilgrim fathers who landed on the barren shores of Plymouth bay, who planted the school house, the church and the institutions of learning. Altho they were severe in their ideas of Sunday observance and all other rules, yet they have been the leaven of this country and have given it an impetus in religion, business and education which it has received from no other source.

We cannot afford simply from a financial standpoint to ignore the holy day, to neglect church and Sunday school as a means of grace. We cannot afford from a physical standpoint to omit the duties we owe to our creator. It does not pay. A well known pioneer once said at one time remarked that many times he had started on long journeys with others who had better horses than he had. They would travel seven days a week and he would travel but six, and he never failed to come in first. It is a well known fact in the present time of this strenuous war in England when they tried to work seven days a week they found they could accomplish less than in six days. It is a well known fact throughout the world that men cannot afford to work seven days a week. And the secularization of the day by undue amusement and by labor will sooner or later bring us to the continental Sunday, which bears most heavily on the man who can least afford it. It is the poor man who needs Sunday. The wealthy can afford to take their automobiles or carriages and do as they please, but if amusements and vocations are followed on the holy day then it is the poor man who must hold his position that must suffer.

Hence from any standpoint we take it, Godliness is profitable in all things, having the promise of the life that now is as well as that which is to come.

Who are the men most sought for responsible positions? The first question a merchant will ask of a young man is what are his habits. The banker must know how his teller spends his time. The railroaders are severe and cannot tolerate intemperance in any respect. A misplaced switch may mean the loss of millions as well as the loss of life. And in every walk of life it is the man with a clear head and steady nerve and upright habits that is most in demand. Good morals pay and the

NO CHANGE IN ITALY'S FOREIGN POLICY

Aggressive Prosecution of War Expected as a Result of Boselli Cabinet Fall.

Washington, Oct. 26.—No change in Italy's foreign policy or weakening of her aggressive prosecution of the war is expected here as a result of the Boselli cabinet fall.

Despatches from Rome today say that before the failure of vote of confidence in the chamber of deputies yesterday the entire chamber enthusiastically applauded a speech by Foreign Minister Sonnino reviewing the internal situation, calling phases of the pope's peace proposal pro-German and declaring the intention of Italy and her allies to fight until victory is won.

All references to the allies were greeted with enthusiasm and when the foreign minister spoke of the visit of the king of Italy to the king of Belgium the entire chamber rose to applaud. The minister also expressed his belief in the ability of the new Italian democracy to settle its internal difficulties and that these difficulties would not affect the international situation.

According to advices received here the fall of the cabinet was due solely to dissatisfaction over food administration and in the reconstructed government, Baron Sanno will be retained as the head of the foreign office.

In his speech which was cabled to the Italian embassy here Baron Sanno explained in response to questions the government's reasons for assigning to the ambassador at Washington the duties of high commissioner in the United States and for refusing passports to the Socialist delegates to the Stockholm conference.

Then he touched on Italy's entry into the war, declaring the people are "cheerfully and courageously bearing the burdens of the war which they wanted and for which they are ready to stand any sacrifice." Over the inter-allied conference at London and Paris during the summer, he said the union among all the allies was once more demonstrated.

"One of the results of the demoralization of Russia," said the minister will be complete independence of Poland which all of the allies want and fight for. As to Greece this nation under leadership of Venizelos has cleared one of the most obscure points of the international situation and the Greek army and navy stand ready to take their place beside the allies."

Turning to the papal peace note, Baron Sanno said: "So far as the Pontiff expresses the opinion that peace must be maintained and means devised whereby no nation can break the peace of the world his appeal finds complete echo in all the civilized world; but when one reads the papal note carefully he finds it lacks precision just as much as the notes of our enemies."

Speaking of problems touched in the papal note in regard to restitution of contested territories Baron Sanno said this is the most important point of the note in spite of the fact that the pope does not suggest any practical basis on which negotiations may be started.

"We want a peace which will truly be lasting and complete," said the baron in full accord with our allies. We are ready to discuss any serious proposition from whatever part it may come without feeling of revenge and without any intention of sustaining materialistic and imperialistic views, but there are points on which we cannot accept a transaction.

"We have made enormous sacrifices to obtain freedom for our brothers and safety for our independence; we do not want the dissolution of any nation, neither do we want to intervene in internal affairs of our enemies but we do desire that peace be founded on equity and on the respect of the reasonable aspirations of all nations which must be assured against any attempt of aggression."

On the eastern question Baron Sanno said that Italy on account of her geographical situation cannot avoid being interested in the settlement of this part of the world which implies a guarantee for the future peace of the world. In conclusion the foreign minister invited his colleagues to mediate on the gravity of the moment.

ENEMY GUNS QUIET IN GHELUVELT SECTOR

BRITISH FRONT IN BELGIUM, Oct. 26.—By the Associated Press. —Enemy guns stationed on the high ground southeast of Gheluvelt, which constituted one of the main defenses of the Gheluvelt position, were comparatively quiet early today probably due to the heavy and effective bombardment concentrated against them by British artillery last night. Many explosions were seen in the vicinity of the enemy position. It has become almost trite to say that the greatest barrage yet seen was employed but once more this was the case. British troops went forward behind a terrific hail of shells. The face of Passchendaele Ridge and other regions have been so altered that they resemble a volcanic zone. Last night the concentrated fire was increased and the sky was crimson as the great guns hurled their charges into the German lines.

FOUND GUILTY OF MURDER

Chicago, Oct. 26.—Harry Lindrum and Harry Southerland were found guilty of murder by a criminal court jury tonight. Lindrum's punishment is fixed at death and Southerland's at 25 years in the penitentiary. The men shot and killed John P. Tieran, a policeman who surprised them in the act of robbing a west side store in August last.

LORD NORTHCLEFFE SPEAKS IN ST. LOUIS

ST. LOUIS, Mo., Oct. 26.—Lord Northcliffe, head of the British war mission in the United States is addressing the St. Louis chamber of commerce today said of the Austro-German offensive against Italy, that it is a desperate attempt to "knock Italy out of the war" and that "disturbances in Italy are being fomented by Germany."

"I hate to prophesy," said Lord Northcliffe, "but I believe there will be desperate fighting on the Italian front in the next few weeks."

Lord Northcliffe said the patriotism of the west and its spirit for the war was a revelation to him as before he left New York he had been told that this section was half hearted in the struggle.

"This is the message I will send to my New York friends from St. Louis," said Lord Northcliffe. "This city is an example of war enthusiasm and patriotism. In no place have I found people more ready and anxious to know about and to help with the war."

BAVARIANS BEARING BRUNT OF FIGHTING

London, Oct. 26.—Reuter's correspondent at British headquarters in Belgium in a despatch received this evening says:

"The Bavarians appear to be bearing the brunt of the Flanders fighting and are openly complaining that the Prussians are sacrificing them."

"The German barrage today was erratic, the shells flinging up columns of spray from patches of water. As a result the British casualty were very light."

"Most of the prisoners taken were poorly clad. The more intelligent of them were of the unanimous opinion that Germany has only a chance for a tolerable peace, but they feel that the winter will tell a terrible tale in the homeland."

CONSPIRACY TO DESTROY GRAIN SUPPLIES

Seattle, Wn. Oct. 26.—Food Administrator Hoover tonight telegraphed to Charles Heberd, food administrator for the state of Washington, saying he had been informed of a widespread conspiracy to destroy grain supplies and animals in stock yards and urging that immediate steps be taken to safeguard food stores in the northwest.

Mr. Heberd immediately notified Governor Lister of Mr. Hoover's warning and recommended additional guards at all grain elevators and stock yards.

ARRESTED AFTER COUNTRY WIDE SEARCH
 Milbury, Mass., Oct. 26.—Following a country-wide search Felix Peloguin of Chicago, was arrested here tonight. He will be taken to Chicago to answer a charge of robbing two express messengers of \$20,000 there July 19. He is alleged to have admitted that he and his brother robbed the messengers but claims he buried the money and it was stolen before he returned it.

MICHAELIS TO REMAIN IN THE CHANCELLORSHIP

COPENHAGEN, Oct. 26.—The Berlin Deutsches Zeitung reports that Dr. Michaelis is to remain in the chancellorship. The Tageblatt says that according to what it regards as a credible source the emperor on the counsel of his advisers decided to retain Chancellor Michaelis and not to accept the solution of the crisis advocated by the majority party in the reichstag. The National Liberals, as well as representatives of the majority bloc, were unanimous, according to this newspaper in their view that Dr. Michaelis' retirement was necessary and in their action at Potsdam loyally supported this view.

MINERS WANT TO UNSEAT FARRINGTON

PEORIA, Ill., Oct. 26.—The resolutions committee named at the convention of miners representing board district No. 3, United Mine Workers the northern field, at midnight tonight decided to recommend to the convention tomorrow the calling of a state convention in Peoria not later than November 15 and calling for the unseating of President Frank Farrington. The committee claims it has secured the signature of one fifth of the locals in the state, the necessary number for calling the convention at which a wage scale will be discussed.

MUSTERING OFFICER KILLED

Camp Dodge, Ia., Oct. 26.—Captain Frederick H. Giersten, of St. Paul, Minn., assistant mustering officer of the 313th Engineers was struck and killed by an automobile today as he was crossing one of the cantonment roads. Captain Giersten was 55 years of age.

CARNEGIE HERO FUND COMMISSION AWARDS

Fifty-Four Acts of Heroism Were Recognized at Meeting of Body Yesterday—Eight Silver and Forty-Six Bronze Medals Allowed—Beardstown Man Gets Bronze Medal.

Pittsburgh, Pa., Oct. 26.—Fifty-four acts of heroism were recognized by the Carnegie Hero Fund Commission at its meeting here today.

In eight cases silver medals were awarded; in forty-six cases bronze medals. Twelve of the heroes lost their lives, and to the dependents of eight of these pensions aggregating \$5,460 a year were granted; to the dependents of two of the others who lost their lives, the sum of \$2,200 was granted, to be applied as the Commission may sanction. One of the heroes sustained injuries which disabled him, and he was granted disabled benefits in the sum of \$375.

In addition to these money grants, in eight cases \$12,000 was appropriated for educational purposes, payments to be made as needed and approved; and in twenty-six cases awards aggregating \$21,000 were made for other worthy purposes. Payments in these cases will not be made until the beneficiaries' plans for the use of the awards have been approved by the Commission.

IS NOW IN FRANCE.

Rev. Lynn Pyatt, who is now in France, has written relatives here regarding conditions across the water. Rev. Mr. Pyatt sailed for France in September and is now engaged in Y. M. C. A. work in Paris. He is staying at the Y. M. C. A. hotel and says prices are exceedingly reasonable there, much lower than they would be in this country for similar accommodations. He writes in an interesting way of the places of note he has visited since his arrival in France, mentioning among others, Napoleon's tomb, Versailles, Notre Dame, the Louvre and the Garden. Many of them he says are far more beautiful than he had imagined are quite beyond the power of description. Rev. Mr. Pyatt expresses himself as very much enjoying his duties in connection with the Y. M. C. A.

"FORD CARS GOING UP" The price of the Sedan, Coupelet and Town Car have advanced and the Touring Car and Runabout may follow at any time. A word to the wise is sufficient. Give me your order now and get in on my next load which will be in the first of the month.

W. C. T. U. IN REGULAR MEETING The Jacksonville W. C. T. U. held a regular meeting Friday afternoon at the home of Miss Olive Blunt on South Prairie street, with a good attendance of members. The principal talk of the afternoon was by Miss Mary Robertson of the Hanley-Fisher evangelistic party, who talked on "Prayer." A valuable paper was read by Miss Mary Spencer, secretary and a solo by Miss Eva Breitwiser was much enjoyed. During the business session a number of routine matters received attention.

ORDRAIN P. FOX GIVES ORDER OF PROCEDURE

After Enlisting Thru Recruiting Office Men are Sent to Receiving Station Where Fourteen Doctors Examine Each Candidate as to Physical Fitness.

(By Ordain P. Fox, 7th Eng. Co. A., Ft. Leavenworth, Kansas)

We are now in one of the greatest wars that has ever been fought and calling for the manhood of the country to help bring it to a successful end. In enlisting these men they are divided into three classes: Regular Army, National, and Militia. The regular army, or standing army, is made up of men who volunteer their services to defend their country.

These men having signified their intention at the recruiting office, are sent to the recruiting barracks nearest them. Here they are received in the receiving barracks. You are then told to report at a certain hour for examination. Having answered roll call you file into a large room which contains benches surrounded by pigeon hole boxes in terraces. You are then instructed to remove clothing, except coat, the rest being placed in one of the boxes after having deposited your valuables at the desk of the sergeant stationed here for that purpose. You then answer roll call again at which time you are given a number, the number being painted on your chest. You will then go through the examination under this number. Having entered the examining room, you are questioned as to whether you have been notified for draft and if there is any reason why you cannot join. You are then formed in line and come up before the different doctors and clerks. 14 in all, in line and are examined as follows: 1, clerk, give name and occupation; 2, clerk, weight and chest expansion; 3, doctor, hearing; 4, doctor, eyesight; 5, doctor, eye, throat, nerves; 6, doctor, heart; 7, clerk, foot exercises; 8, doctor, nose, ear, throat; 9, colonel, general inspection of doctors' marks on diagram of body showing defects, etc.; 10, clerk, give next of kin, etc.; 11, doctor, inoculation for typhoid in right arm, (given one every 7 days for 3 times); 12, doctor, smallpox vaccination; 13, colonel, take oath of allegiance to the United States which makes you a soldier of the United States and subject to the orders and commands of the officers of the U. S. army; 14, clerk, takes finger prints of each finger, thereby finishing your physical examination, and making you ready for a soldier's uniform.

MILITARY HONORS

Come to White Hall Man—Winnings by the Gregory Farm—Frost Damaged Corn.

White Hall, Oct. 25.—F. M. Walton and daughter, Miss Hattie, and Miss Bessie Hawk arrived home Sunday from Vicksburg, Miss., where Mr. Walton was a guest of the government at the National Memorial Union and Peace Jubilee held on the famous battlefield of the civil war. S. J. Riggs was also present from White Hall, he having returned last Friday. A total of 13,000 veterans from Illinois were enabled to attend thru the action of the last general assembly in appropriating \$40,000 for the purpose. Each veteran was provided with railroad fare and board while away, and it proved to be one of the greatest treats in

the lives of the local comrades. Another Military Honor for Local Man.

John F. Shepard, of the department of psychology of the University of Michigan, and son of Mr. and Mrs. Arthur Shepard of White Hall, has been called to Washington, where he has received an appointment to the staff of Adjutant General Gorgias as a member of the committee on personnel. In addition to this honor, Prof. Shepard has been given a position on the sub-committee on aviation, which will influence largely the final plans made by the government to prepare for the air campaign against the central powers. The work of the latter committee is to devise tests for the future birdmen and personally see them enacted. The committee on personnel, of which Prof. Shepard is a member, is probably the most important committee which works in conjunction with the new national army. The duty of the committee is to examine the men for the purpose of discovering their aptitude for any particular branch of the service. This signal honor will be relished by the home friends of Prof. Shepard at both White Hall and Greenfield.

New Winnings by Gregory Farm Berkshires.

The show herd of Gregory Farm Berkshire hogs has completed the circuit of state fairs and national shows for the present season, the last exhibit being made at Springfield, Mass., last week. At Sedalia, Mo., the winnings totaled one grand championship, two junior championships, eleven firsts, five seconds, four thirds, one fourth, one fifth and one sixth. At Springfield, Ill., the winnings are two firsts, six seconds, one fourth and one fifth. At Des Moines, Iowa, there were six firsts, three seconds, four thirds, one fourth, two fifths and two grand championships. At the National Swine Show at Omaha, Neb., Gregory Farm captured one grand championship, seven firsts, five seconds, six thirds, one fourth, two fifths, three sixths, two sevenths and one eighth. The winnings at the closing engagement at Springfield, Mass., embraced one junior champion, six firsts, five seconds, eight thirds, four fourths and one sixth. Mr. Corsa was with the display at the latter fair, and the victory in the New England states adds immeasurably to the prestige of Gregory Farm.

Frost Damaged Late Corn.

Frost during the present month are calculated by some local farmers to have damaged late corn to the extent of twenty per cent, but the consensus of opinion does not bear out this estimate of damage, altho there seems to be no question that damage has occurred. Records set at rest, however, a prevailing idea that this month has furnished the earliest killing frost. The official record of the first killing frost of each fall season for the past ten years is as follows:

1908—November 5.
1909—October 12.
1910—October 29.
1911—November 1.
1912—October 16.
1913—October 25.
1914—October 27.
1915—October 8.
1916—November 16.
1917—October 13.

The average temperature for the present month is the lowest on record for October at the White Hall station of the weather bureau, it being 49.3 degrees up to the 24th, and the average maximum 62.7 and the average minimum 35.9. On the 13th, the date of the first killing frost for this year, the temperature dropped to 17 degrees, and on the 17th it went to the maximum read-

ing for the month, 86 degrees, where it lingered for a very brief period.

Brief White Hall News Notes.
Marcus Lafayette Hicks, member of a prominent old family of this section, died at his home, two and one half miles northwest of White Hall, at 9:30 p. m. Monday, aged 62 years. He had been in failing health for the past few years. His father, Cal Hicks, has now survived all the members of the family, he being able to get about at the age of 94 years.

The second annual carnival by the White Hall high school was held last Friday afternoon, starting with a parade of all the departments at 2:30 in the afternoon. The mock carnival events arranged in the school building were carried out on a more elaborate and effective scale than last year, and there was a very large attendance of happy people. The receipts are used for special school purposes.

Rex Campbell attended racing matinees at Jacksonville and Kane last week, entering Sheriff Edwards' pacer, The Reverend, in both. Mrs. Ed North and daughter, Miss Elizabeth, will depart Saturday for Memphis, Tenn., for a visit with Mr. and Mrs. Harry North before returning home to Houston, Texas. They had been to Camp Mills, Staten Island, New York, where William and John North are in training preparatory to going to France as volunteers.

Mrs. Anna Shirley, who has been sojourning in Canada with her daughter, Mrs. Roy Beavers, has returned to White Hall, and is at present the guest of her son, H. W. Shirley.

The corn show at the People's Bank in the interest of the local Red Cross is taking on huge proportions, and interest in it is correspondingly increasing. The samples are being conveniently arranged. Quite an interesting side attraction is furnished by a pod of cotton, okra, sweet magnolia and red corn brought from Vicksburg, Miss., by Frank M. Walton. It is turning out to be the finest display of corn ever seen here.

Miss Mary Carr will leave Saturday for New Brighton, Penn., for an extended stay with her sister, Mrs. S. K. Smith, making a stop with her brother, J. W. Carr, in St. Louis until Tuesday.

Letter from Belgium.
A number of individual consignments were sent to the Belgian soldiers during the summer months thru a London agency, and Raymond Pearce is the first to receive an acknowledgment. It is from Rene Mortiers, corporal D14, 10th Company, Belgian army, dated September 20th. The words were translated by Harry H. Griswold as follows: "I do not know how to thank you enough for the cigars which I have received from your side. Since your country has drawn itself up on our side, we are sure of victory for right and honor. We Belgian people since 1914 ought to have surrendered times without number, after a hard resistance, but never have we been conquered. We always made out best endeavor for the noble cause. Long live America and her soldiers. From a humble Belgian."

"SOMETHING NEW"
C. N. Priest, the Ford man, received two car loads of Ford cars this week, which brought his orders up to date, and he is now in a position to furnish you with a car out of his next load, which will be shipped the first of November. This brings the buyer and seller closer together than they have been since January the first. Mr. Priest also states that in his judgment Ford cars will advance by March 1st, if not before, and it will be to the interest of prospective buyers to get their orders in before the advance, which seems certain to come.

ESCAPED INSANE PATIENT ROBBED FARM HOUSES
A man giving his name as William Hasp was arrested by Sheriff Graff in the Nortonville neighborhood yesterday charged with robbing farm houses. The man had been in the neighborhood for several days and finally entered the residence of J. M. McNeely and took an overcoat, a pocketbook containing some money and a pocket knife. He was found sitting in the timber wearing the coat. He was taken before Justice Dyer and placed under bond and being unable to give the same the officers started to take him to the county jail. On the way they met an attendant at Jacksonville State hospital who recognized the prisoner as a man who had escaped from the hospital. Dr. Hill was notified and will take Hasp back to the hospital.

QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets.
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.
Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.
Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.
No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.
If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.
Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

For Itching Torture
There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.
Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound Ends Colds and Grippe in a Few Hours

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick, for Sour Stomach, Bad Breath, Bad Colds

Get a 10-cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Adv.

For Tired Women
With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Policy Kidney Pills," Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making you feel miserable and robbing you of all energy and strength. When you are constantly tired, head aches, aching nerves, "on edge," kidney action painful and burning, then is the time to start in at once on Policy Kidney Pills.

They strengthen the weak, failing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Policy Kidney Pills." Be sure you get the genuine Policy Kidney Pills, for they are purely medicinal and contain no harmful drugs.

STOMACH
TORN UP

Indiana Lady Describes Condition,
Which She Says Was Due To
Constipation and Tells of
Relief Obtained From
Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset... I know once I suffered... from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad...

My husband was reading and found something about Thorford's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result.

Thorford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities.

Try Black-Draught. EB-15

FIGHT
FOR YOUR LIFE

Duty Demands
Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill health. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill-health.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, leithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "gall in feeling and frail bodies are due to lack of leithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a leithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own strength to the body and keeping the vigor and buoyancy of youth. The power and paint way of effing beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts the confidence that you confront the world on an equal footing with anyone.

HORACE H. BANCROFT SPOKE AT WAVERLY

Told Visitors to Morgan County Farmer's Institute of Plans for Coming Centennial—Red Cross Dinner Receipts Total Over \$300—Awards Made in Household Science Department.

Horace H. Bancroft was the principal speaker at the closing session of the Morgan County Farmer's Institute at Waverly Thursday. There was another large crowd present particularly at night when Mr. Bancroft talked of the coming centennial. Other addresses were given by Mrs. Grace Vail Gray and representatives of the State Highway Commission.

A feature of the day was the Red Cross dinner which was again served in a faultless manner by the ladies of Waverly. The ladies announced last night that the receipts from the meals served during the two days of the institute totaled over \$300. As much of the food was donated it is probable that nearly the full amount will be turned into the Red Cross fund. At the close of the in-

stitute the flowers which were given by Heuberg and Cole were sold at auction and brought \$14.85 which also was turned into the Red Cross fund.

The institute was pronounced by many as the best in the history of Morgan county. Waverly citizens spared no expense to make the affair a success and all visitors were treated royally. The ladies especially showed great interest and the Household Science exhibit was one of great merit. The awards made yesterday follow:

YOUNG PEOPLE HEAR EVANGELIST HANLEY

Jacksonville Young People Hear the Evangelist on "How to Win the Game"—Sermon One of Best of Series—Announcements.

HANLEY-FISHER REVIVAL.

7:30 p. m. Children's Service. The Booster Chorus will sing. Dr. Hanley will give his Moving Picture sermon. Everybody is invited.

Grace church was filled to overflowing Friday evening, it being "Young Peoples' Night," and large numbers of young people were present from the various educational institutions of the city.

Enthusiasm prevailed to a large degree and the young people entered heartily into the song service and gave Dr. Hanley close attention. The evangelist talked on "How to win the game."

He dealt largely with athletics and compared the winning of the game on the athletic field to winning the game of life. For nearly an hour Dr. Hanley held his auditors spell bound by his eloquence and his apt illustrations.

At the close of the service a large number went forward and testified their desire to begin a Christian life. It was by far the best service thus far in the evangelistic campaign and seldom has any speaker had a more attentive audience than that which greeted Mr. Hanley last evening.

Sunday afternoon at 2:30 o'clock Dr. Hanley will preach to women and girls in Grace church on "The Woman Who Dared." In the evening at 7:30 o'clock he will address men and boys in Grace church his subject will be, "The Runaway Man."

At the same hour Miss Robertson will speak to women and girls in State Street Presbyterian church. Miss Robertson's subject will be "The Greatest Thing in World."

Next Tuesday evening Evangelist Hanley will give his sermon on "The Unpardonable Sin." This is one of Dr. Hanley's greatest sermons and Grace church no doubt will be filled to overflowing at that service.

Social Events

Ladies Aid Society of Berea Entertained at Mrs. Hardy's.

Thursday the ladies aid society of Berea church had their annual dinner at the home of Mrs. Hardy and a very enjoyable time was had by every one present. This organization is quite strong and the members are sociable and friendly and their meetings are characterized by good fellowship and kindly greetings which are truly delightful. Of course the dinner was superb as would be expected on that occasion and was a success.

South Side Aide Met With Mrs. Carpenter.

The South Side Circle held their regular meeting Friday afternoon at the home of Mrs. E. C. Carpenter on Hardin avenue. Mrs. C. E. Ehnie and Mrs. John Goltra were the hostesses of the afternoon. An interesting paper on "Some Monuments of the Lost Race" was read by Mrs. C. W. Lent. Mrs. Ehnie discussed in an informal manner the registration of women and Mrs. Parker Doan made a brief talk on the Hoover pledge cards. Following the program came a social hour during which the hostesses served light refreshments.

Mrs. Charles Howard Entertains Number of Guests.

Thursday evening the home of Mr. and Mrs. Charles Howard on South Main street was the scene of a very delightful gathering in honor of their guest, Miss Mayme Brick of Taylorville. The principal guests were the force of the millinery store of L. C. & R. E. Henry of the Opera House Block. The main feature of affair was a dinner at 6 o'clock at which Halloween decorations were effectively used. The evening hours were delightfully spent with music and cards. Miss Bernice Wood gave a number of readings which were very much appreciated.

Class Gives Shower for Miss Meda Duncan.

Thursday evening at the home of Mr. and Mrs. Fristoe at the Northminster parsonage the Delta Alpha Sunday school class of the Christian Church taught by Miss Marie Finney gave a miscellaneous show for Miss Meda M. Duncan, who is to wed Thomas C. Jenkinson November 14. The prevailing color was pink and the decorations and refreshments carried out the color scheme of pink and white, and were very unique and attractive. The table was decorated with pink and white roses, which made a sea in which floated a beautiful boat. From each of the fifteen portholes came a ribbon and at the other end of each ribbon was a handsome present. At the same time each ribbon indicated a period in life, which was described in a happy manner by brief poems. A great many useful and handsome presents were given Miss Duncan, who is so popular with all who know her. The evening was spent in a pleasant way with music and various amusements, and delicious refreshments were served.

Fourth Ward Parent-Teacher Meeting.

The fourth ward Parent-Teacher association held a meeting yesterday afternoon after school at the Washington school building with a good attendance. Mrs. W. D. Roberts, the president, was in the chair and the minutes were read by the secretary, Mrs. Owen Graft. Two songs by the 5th grade pupils under the direction of Miss Wardhaugh were much appreciated and excellently rendered. The principal event of the occasion was an address by Dr. Crouch on "Colds, Their Prevention and Cure."

The doctor gave the ladies many useful suggestions regarding the clothing, food and general care of the little folks in that respect, and at the close he invited questions, a number of which were propounded and answered by him. Mrs. J. P. Doan gave an interesting talk on food conservation. A piano solo by Mrs. Homer Potter was thoroughly enjoyed. The resignation of Mrs. Wallace Brockman as vice-president of the society was received and accepted with regrets. The Parent-Teacher meeting at the David Prince building was announced for Monday night. Light refreshments were served and a social hour enjoyed.

WHAT OTHER FARMERS IN STATE ARE DOING

OVER 10,000 ILLINOIS FARMERS ARE SUPPORTING COUNTY AGENTS.

Dr. Coffey, State Leader in County Advisory Work Points to Action of Agriculturists in Other Parts of This State.

Dr. George N. Coffey, State Leader for Illinois in County Advisory Work in the following letter points to the action of farmers in other Illinois counties which have had advisors for several years as a strong argument for establishing a farm bureau in Morgan County. He says:

"We are very pleased with the progress your people are making toward the organization of a farm bureau and we are fully convinced that it will be an excellent thing for your county. It is not possible to go into a detailed statement of the value of the work to a county in a letter. I believe that the strongest argument in favor of the value of a farm bureau to a county is the fact that already more than 10,000 farmers in Illinois belong to such an organization and that fifteen counties whose first three year period has expired have decided to continue the work and that nearly all of the members who went into the work in these counties have decided to continue in the work for another three and in some cases a five year period. If this work had not been worth while certainly these farmers would have found it out before the first period was completed.

"It seems to me that one of the most important things for the improvement of agriculture today is such an organization of farmers who are banded together under a trained leader for the purpose of studying their own problems and of improving the agriculture in a county. We hope that we shall soon hear of the completion of such an organization in your county."

SOME POTATOES.

Ezra C. Scott of South Main street has returned from Colorado where he has extensive real estate interests. He brought home some gigantic potatoes raised on his land in the San Luis valley and says they are samples of many more. He said one man had forty acres which yielded 400 sacks to the acre, each sack weighing 110 pounds and selling for \$1.85 a hundred pounds. He wanted to bring home some samples of other vegetables but had no truck with him and was unable to check a box.

WILL GIVE ANNUAL DANCE.

Members of the local cigarmakers union have appointed a committee to make arrangements for the annual Cigarmakers ball. The date for the event has been fixed for Thursday, Nov. 22 and it will be held in Degen's hall on South Main street. The committee in charge is composed of John Roten, Daniel Vasconcellos, E. Peehloeffel, Albert Phillips and John O'Brien. The cigarmakers have been giving annual dances for many years and all look forward with pleasure to the event.

MAP SHOWS TYPHOID CASES.

Dr. A. M. King, city health physician has in the window of the Journal office a map of the city in which pins have been placed showing the location of typhoid fever cases that have appeared in the city since January 1, 1917.

According to the map the First ward shows a total of seven cases. Ten have occurred in the Second ward, twelve in the Third ward and three in the Fourth ward. The total throughout the city is forty three cases. Dr. King says there may have been other cases but they were not reported to him.

CAMP GRANT SOLDIER WRITES INTERESTINGLY

Lewis Snyder Tells of Doings at Big National Army Cantonment at Rockford.

Mrs. T. E. Litter has the following letter from her brother, Lewis Snyder, who is in training at Camp Grant, Rockford, Ill. He will also be pleased to hear from any friend. His address is Lewis P. Snyder, Co. C, 333rd M. G. Brit., Barracks 709, Camp Grant, Rockford, Ill. The letter follows:

Camp Grant, Oct. 25, 1917.

Dear Sister and all: Your letter received today and was glad to hear that you were all well. This leaves me well and getting along finely.

I am also having a good time. Was down to my girl friends Saturday and had another good supper. And after supper we had a nice little dance. The girls are so nice to us here when we go to call on them. They sure make you at home. We had a holiday Wednesday, and of course I went to Rockford and spent the day. There was a Liberty Loan parade which was grand; were about a thousand of the soldiers from our camps in it. I was standing at the foot of a hill and when the parade began to come over the top, and then down, it sure looked grand. Wish you all could have seen it. For it was the largest and finest I ever saw. They had one thing that was great; six soldiers carrying a coffin, a sign over it, "Kaiser laid away at rest." We watched it for an hour, but had to leave to get back to camp and didn't get to see it thru. Everything in Rockford was closed from 2:30 until 4. We are going to have a dance here in our barracks Halloween night and then serve lunch at eleven, so I think we will have a nice time. We have good times out here along with our hard work, which is drilling. We drill about 8 hours a day. We have a half holiday on Saturdays. Will close with love to all, and answer soon. Lewis.

LOCAL HIGH WILL PLAY EAST ST. LOUIS TODAY

Teams Have Broken Even on Games Played in Past Years—Locals in Good Condition Coach Hoover Will Start D. Smith at Full.

Jacksonville high school football warriors will play their big game of the 1917 season on Illinois field this afternoon when they meet the strong team of the East St. Louis high school.

East St. Louis always has a strong team as well as heavy men and the games so far played between the school have been about an even break. The locals have been working hard the past week. Coach Hoover has sent them thru two scrimmages against Illinois college and the workouts have been of great value to the boys.

Not much is known of East St. Louis' strength this year but as they always have a good aggregation, the local boys are expecting to have their work cut out for them this afternoon. It will be the last game at home until Thanksgiving day and the high school management are planning to make it a sort of home coming for former Jacksonville students. If the weather is at all favorable a big crowd should be present as the locals have shown good football this year and deserve support.

Coach Hoover has announced the following lineup to start the game: Bento, le, Tholen R, Garvin, lg, R. Smith, c, Gunn, rg, Arter, rt, Vieira, re, Green, qb, Ferguson (capt.), lbh, Reeve, rhh, D. Smith, fb.

East St. Louis announces the following lineup: Stover, le, Hallows, lt, Zeek, lg, Adelman, c, Sedwick, rg, Gregory, rt, Kaemper, re, Durham, qb, G. Rinke, lbh, Holten, rhh, Orr, fb.

ILLINOIS COLLEGE WILL PLAY NORMAL

Blue and White Team Plays Second Game of Season this Afternoon—Will be Opponents of Illinois Normal at Normal—Normal team is Heavy.

Coach Harmon will take his Blue and White team to Normal this morning where they will play Illinois Normal this afternoon. Coach Harmon has been working his team hard the past two weeks and all of the men are in good condition except Whisler and Mackie.

Whisler has a bad knee sustained when he stepped in a hole on Illinois field during a scrimmage between the college and high school teams before the Charleston Normal game. Whisler was elected captain of the team yesterday succeeding Thiebaud who was compelled to quit on account of ill health. Mackie has a bad shoulder but will play part of the game.

Coach Harmon looks for his men to give a good account of themselves tho they probably will be outweighed several pounds to the man. The men who will make the trip are:

Barnes, le, Underwood, lt, Andrew, lg, Miller-Bronson, c, Deigh, rg, Mackie, Shoemaker, rt, Dunscomb, re, Ferreira-Curran, qb, Whisler, lbh, Cox, rhh, Cully, fb. Substitute Sears at tackle.

NOTICE TO FARMERS
